

NATIONAL CENTER  
FOR SAFETY INITIATIVES

Dear event organizations & sports medicine professionals:

National Sports M.A.P.®, LLC, is pleased to announce its partnership with National Center for Safety Initiatives, through which our practitioners will submit a comprehensive background screening.

National Sports M.A.P.®, LLC, has taken this important step to ensure the highest level of safety for event managers, athletes and practitioners working alongside one another within our sports medicine programs.

The implementation of the NCSI background screening meets and in some cases, exceeds, society's demand to end sexual assault on the sideline and in sports medicine programs.

We have set-up the most comprehensive background screening program with NCSI's Full Service product and support. This program is matched to the highest levels of sports and accountability so no matter where our practitioner works, from recreational leagues, schools, race events or competitive tournaments, their screen will have been completed and cleared. A "Green Light" clearance will ensure each practitioners background and will last for two (2) years with a re-check at the one (1) year mark.

We are excited to continue our work with world-class sports managers and practitioners around the world who appreciate world-class sports medicine solutions! If your organization uses practitioners without a background check, please review your policies and if you decide, email us: [info@nationalsportsmap.com](mailto:info@nationalsportsmap.com) to schedule a FREE consultation.

For Practitioners: Go to <http://www.ncsisafe.com> and click on "Start Your Background Screening Now" on the left side of the webpage and complete three easy steps:

Step 1a: For Licensed Practitioners, Registration #44550385

Step 1b: States with Education Certification only, Registration #66438142

Step 2: Enter Your Information as Requested

Step 3: Provide Legal Authorization and Certification

Important to remember:

- Use your full legal name as written on your birth certificate or driver's license.
- Verify your social security number was typed correctly.
- Any error may delay the background screening process.

Questions, call NCSI at (866) 833-7100. To check your screen, go to [www.ncsisafe.com](http://www.ncsisafe.com)

Highest Regards,

A handwritten signature in cursive script that reads "Brian J. Keene".
